any special food restrictions.

Just a couple of notes regarding our Junior Program

Very sadly, we have to report that Zach McArthur has resigned his position at The Links. He did so very much for our junior program, and we will miss him and his wife Kyra immensely.

However, we do have a plan in place that I think everyone will find to be rewarding for all the kids involved.

We have hired a 1st Assistant by the name of Ian Jelsing. Ian is originally from Bismarck and has been working in California as a PGA assistant. He has been involved with Junior camps of all sizes.

We have also hired a co-1st Assistant, whom you all know, Mitchell Fifer. Mitch has worked at The Links for many summers while pursuing his PGA dream in the winters. While the dream of golfing professionally did not come to fruition for Mitch, we at the Links are so blessed to have him working for us, as now our 2nd 1st Assistant.

Both young men are actively working towards their PGA certifications, and we are excited to have them both here.

Mitch will be arriving the first part of April and Ian will arrive the first part of May.

In addition, we have four new PGA interns from across the country and we cannot wait for you to meet them and show them what North Dakota hospitality is all about.

As our 1st Assistants arrive, we will hand the reigns over to them, but until then please feel free to send an email to Tom or Cheryl Powers with any questions.
